<b>Target version:</b>	Candidate for next patch release		
<b>Affected Version:</b>	2.0.6		

#### Description

Hello, find here a Noise Profile for the Nikon D40X. The profile was created following the instructions on <http://www.darktable.org/2012/12/profiling-sensor-and-photon-noise/>. After some testing I think the results are quite satisfactory. If something should be changed, please advise.

#### History

##### #1 - 06/17/2017 02:09 PM - Stefan Schöfegger

Please make new shots for ISO 1600 and 3200 with a different setup and send the results again. All other ISO values are ok.

##### #2 - 06/17/2017 02:09 PM - Stefan Schöfegger

- Assignee set to Stefan Schöfegger

##### #3 - 01/26/2018 02:33 PM - Stefan Schöfegger

- % Done changed from 0 to 20

- Status changed from New to Incomplete
