

darktable - Bug #11405

Message about database lock file should be displayed in GUI

12/29/2016 04:14 PM - Roman Lebedev

Status:	Fixed	Start date:	12/29/2016
Priority:	Low	Due date:	
Assignee:		% Done:	100%
Category:	General	Estimated time:	0.00 hour
Target version:	2.4.0	bitness:	64-bit
Affected Version:	git master branch	hardware architecture:	amd64/x86
System:	all		

Description

If the dt is not started from console, it is absolutely not clear why it refuses to start.
The message should be displayed in UI.
Probably, it should have a button to override that lock file, without resorting to manually deleting it.
