

darktable - Bug #11931

Web Gallery - files with quote(s) in their name are not opened

01/13/2018 06:11 PM - manu pintor

Status:	Fixed	Start date:	01/13/2018
Priority:	Low	Due date:	
Assignee:	Pascal Obry	% Done:	100%
Category:	Lighttable	Estimated time:	0.00 hour
Target version:	2.6.0		
Affected Version:	2.4.0	bitness:	64-bit
System:	Ubuntu	hardware architecture:	amd64/x86

Description

After exporting to a web gallery and viewing the resulting page in the browser, thumbnails of files with quote(s) in their name are not opened when clicked on.

Example: "Tom's face.jpg" won't open and be seen in normal size when you click on its thumbnail.

This appears to be related to the following sequence in index.html as generated:

```
var items = [ {  
src: 'Tom's face_1600.jpg',  
w: 640,  
h: 427,  
msrc: 'Tom's face_1600-thumb.jpg',  
},  
];
```

Replacing quotes by double-quotes in the src and msrc lines is the workaround I found so far.
