

darktable - Bug #12046

Mask Manager does not have "mode" options when right-clicking

03/02/2018 02:04 AM - Kevin Ertel

Status:	Closed: invalid	Start date:	03/02/2018
Priority:	Low	Due date:	
Assignee:		% Done:	0%
Category:	Masks	Estimated time:	0.00 hour
Target version:	2.6.0	bitness:	64-bit
Affected Version:	2.4.1	hardware architecture:	amd64/x86
System:	Ubuntu		

Description

I have multiple shapes added to a group within the mask manager. When I right-click on one of those shapes the flyout menu only has the following options:

Duplicate this Shape
Delete this Shape
Cleanup Unused Shapes

I was expecting there to be many more options, as is shown in the online manual:
https://www.darktable.org/usermanual/images/darkroom/panel_maskmanager_2.jpg

I would take a screenshot, but I cannot seem to take one while my right-click is active...

I am running dt 2.4.1 on Ubuntu 16.04.

History

#1 - 03/02/2018 06:22 PM - Tobias Ellinghaus

Those options are available for masks that are used in a module.

#2 - 03/03/2018 01:41 AM - Kevin Ertel

I can confirm this was user error. I was not on the paths inside of a module group. I believe this ticket should be closed.
