

darktable - Camera Support #12110

Canon EOS DCS 3c (Kodak)

04/01/2018 08:15 PM - Peter Wemmert

Status:	Fixed	Start date:	04/01/2018
Priority:	Low	Due date:	
Assignee:	Roman Lebedev	% Done:	100%
Category:		Estimated time:	0.00 hour
Target version:	2.6.0		
Affected Version:	git master branch		

Description

.TIF format that is unreadable. Converted in DCRaw to .TIFF works but will act as a TIFF file and not a raw file. Manually changing the file extension from .TIF to .DCR makes it like a raw file in RawTherapee but not in darktable.

.TIF uploaded at raw.pixels.us
