Revision 359b6f29 - 06/06/2018 10:45 AM - Roman Lebedev

RawSpeed submodule update: Panasonic DC-GH5S, DC-G9 high-res raw support

Those are using new v5 Panasonic raw compression algorithm.
Which is actually dumber than what they used before.
Now, it is basically just uncompressed packed 12/14 bits.

Also, huffman table salvaging part 1.
