**Description**

I have extracted WB presets for a bunch of Sony point'n'shoot cameras using sample files found at raw.pixls.us. Beware that the DSC-RX100M6 is not supported in 2.6.0rc1.

The camera models are:

- Sony DSC-RX0
- Sony DSC-RX1RM2
- Sony DSC-RX100M5
- Sony DSC-RX100M5A
- Sony DSC-RX100M6

Best regards,

Would be nice to propose a PR on GitHub or attach the wb\_presets.c (taken from current master) with all those modifications. Will help merging.

#### #2 - 12/13/2018 05:05 AM - Niels Kristian Bech Jensen

- File darktable-wb\_presets.diff added

I have added a patch for wb\_presets.c adding WB presets for four of the cameras. The DSC-RX0 had been included before the release of 2.6.0rc1. My mistake.
