

darktable - Feature #12472

Widgets open on click down so cannot drag to scroll

12/16/2018 06:42 PM - Vincent Fregeac

Status:	New	Start date:	12/16/2018
Priority:	Low	Due date:	
Assignee:		% Done:	0%
Category:	General	Estimated time:	0.00 hour
Target version:	2.6.0	bitness:	64-bit
Affected Version:	git master branch	hardware architecture:	amd64/x86
System:	Ubuntu		

Description

Widgets open on click down instead of click up (activate/open on click up is the standard behaviour in almost every GUI). It may seem a very minor issue but there is an annoying side effect: we cannot click&hold to scroll the widget list.

Note: I have tested 2.6.0rc1 in Linux only but I think it affects all OSes and all previous versions.
