

darktable - Bug #12477

[2.6.0 RC1 & RC2] Windows start error

12/17/2018 06:03 AM - M W

Status:	Duplicate	Start date:	12/17/2018
Priority:	Low	Due date:	
Assignee:	Pascal Obry	% Done:	0%
Category:	General	Estimated time:	0.00 hour
Target version:	2.6.0	bitness:	64-bit
Affected Version:	git master branch	hardware architecture:	amd64/x86
System:	Windows		

Description

Both Windows builds of Darktable 2.6.0 RC1 and RC2 do not start at all.

On running, Windows shows the error:

darktable.exe - Application Error

The application was unable to start correctly (0xc0000142).

Windows version is Win10 x64.

I've tried cleaning out all older related darktable directories/settings (ie, in appdata) which has not helped.

A bunch of people on the Facebook Darktable group have also see this error, and have not been able to find a solution.

Someone on Facebook did mention that the Windows error dump showed it was caused by libdarktable.dll .

History

#1 - 12/17/2018 07:19 AM - M W

Sorry, is a dup of <https://redmine.darktable.org/issues/12464>

#2 - 12/17/2018 10:01 AM - Pascal Obry

- Assignee set to Pascal Obry

- Status changed from New to Duplicate

#3 - 12/19/2018 11:15 PM - Roman Lebedev

- Target version changed from Candidate for next major release to 2.6.0
