

darktable - Bug #12505

Darktable closes with access violation when viewing larg TIFF files

12/27/2018 08:20 PM - Christian Pfister

Status:	New	Start date:	12/27/2018
Priority:	Low	Due date:	
Assignee:		% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:	2.6.0	bitness:	64-bit
Affected Version:	2.4.4	hardware architecture:	amd64/x86
System:	Windows		

Description

Hi,

Not sure I'm posting this at the right location.

I'm trying to edit images in a folder with 14 TIFF files (up to 150 MB in size). The first few Thumbnails show up but when I try to scroll to others, darktable crashes. Same when I try to open the first image in Darkroom.

The following error message displays: "Failed to allocate memory for thumbnail export, please lower the threads used for export or buy more memory"

Backtrace file is attached. Windows 10 Pro, 12 GB RAM. Darktable 2.6.0
