

darktable - Bug #8608

clicking on corrupted item causes DT to crash

02/19/2012 03:52 PM - xxvelcrar -

Status:	Fixed	Start date:	
Priority:	Low	Due date:	
Assignee:		% Done:	100%
Category:		Estimated time:	0.00 hour
Target version:	---	bitness:	64-bit
Affected Version:		hardware architecture:	amd64/x86
System:			

Description

The import process managed to import some corrupted images ([#8607](#)) into the DB and displayed them as gray slides with no thumbnail. Some of the files on disk had corrupted information, others were 0kb.

When double-clicking on one to open it, darktable crashed.

Steps to reproduce:

1. import corrupt image
2. double-click on image in lighttable
3. crash

darktable 0.9.3
