

darktable - Bug #8679

UI broken after import

04/25/2012 02:05 PM - Richard Wonka

Status:	Fixed	Start date:	
Priority:	Low	Due date:	
Assignee:		% Done:	100%
Category:	General	Estimated time:	0.00 hour
Target version:	---	bitness:	64-bit
Affected Version:	git development version	hardware architecture:	amd64/x86
System:			

Description

Last thing I did was to import 11 rw2 images, after which darktable was left unresponsive with the message

(starting to import 11 images)

The images were copied. they are now in the designated folder, but DT did not recover within an hour that I was waiting.

After restarting the computer, ubuntu precise 64bit, the UI looks like the attached screenshot

History

#1 - 10/05/2012 03:27 PM - Tobias Ellinghaus

- Affected Version set to git development version
- % Done changed from 0 to 20
- Priority changed from High to Low
- Status changed from New to Incomplete

Has that happened ever again?

#2 - 10/06/2012 03:54 AM - Richard Wonka

- % Done changed from 20 to 100
- Status changed from Incomplete to Fixed

Has not happened since. Seems fixed now. closing.
