

darktable - Feature #9734

Add a callback for storages that can filter and change the set of images to be exported

12/22/2013 08:30 PM - Tobias Ellinghaus

Status:	Fixed	Start date:	12/22/2013
Priority:	Low	Due date:	
Assignee:	Jérémy Rosen	% Done:	100%
Category:	Lua	Estimated time:	0.00 hour
Target version:			
Affected Version:		bitness:	64-bit
System:		hardware architecture:	amd64/x86

Description

Lua exporters should have a callback that is run before export starts and that gets the list of images chosen for export. This callback can then change the list (remove images, add others). Only then the export job is launched.
