

## darktable - Feature #9929

### Show always next image (not previous) when remove a picture from a filter

04/30/2014 12:04 AM - Christian iuga

<b>Status:</b>	New	<b>Start date:</b>	04/29/2014
<b>Priority:</b>	Low	<b>Due date:</b>	
<b>Assignee:</b>		<b>% Done:</b>	0%
<b>Category:</b>	Lighttable	<b>Estimated time:</b>	0.00 hour
<b>Target version:</b>		<b>bitness:</b>	64-bit
<b>Affected Version:</b>		<b>hardware architecture:</b>	amd64/x86
<b>System:</b>			

#### Description

If we remove a picture from a filter (like mark as rejected) or stars different of the filter set.

Darktable show another picture :

- If darktable show picture as ASC, it will show the next picture

If darktable show picture as DESC, it will show the previous picture

I think it's need to changed to next picture instead of previous

#### History

#1 - 04/30/2014 12:09 AM - Christian iuga

Need to add a precision : it's on file manager & zoom to only 1 pictures

it's will also fix the problem of not seeing picture at all if the picture is the first one
